Half's Vegetable Sicilian Hair Restorer is, unquestionably, the best preservative of the hair. It is also curative of dandruff, tetter and all impurities.

You are wasting time in running all over town to find something to eat, where if you will just step into the Vinita Meat & Grocery Co., and there you are."

It is not necessary to go into the stores to see that our merchants have bought great quantities of goods. The number of empty boxes on the sidewalks is sufficient.

For sale, a 600 acre farm two miles from town; abundance of timber and never failing water supply. Apply at this office no later than the 10th of the present month.

The entertainment by the Nashville students Monday night was one of the best given in the town, and the audience was the largest ever. In the hall, the company was composed of some decidedly funny darkeys.

DR. BAKER, an old resident of Mayville, was so badly cut with a hatchet last Thursday, in the hands of Dr. Smith, that his recovery is regarded as well nigh out of the question. Smith is the man who was some time ago bound over for trial on the charge of causing the death of a girl who took charge of his motherless children by performing a criminal operation. Dr. Baker was the only criminal witness, and Smith had frequently made threats against him. On the night in question a hotel keeper noticed that something wrong was transpiring at Baker's house, and going over there found him terribly hacked on the head, moving about the room in a dazed or demented condition, and the house set on fire. An alarm being given to the town to the spot very quickly as nearly everyone was attending a prayer meeting. The flames were put out and the wounded man's wounds dressed. From exclamations uttered by Dr. Baker during moments of consciousness it was learned that Dr. Smith was his assailant, and his next morning the latter was captured. His summary punishment by mob law was averted with difficulty, and he is now in jail. Smith's hatchet is reported to have been found in Baker's house and there are other "strong" circumstances showing him to have been the assailant, aside from Dr. Baker's testimony which, if he never fully recovers consciousness, might be objected to.

ONE HUNDRED NEW HOUSES to be erected in Vinita in sixty days is the estimate of a prominent contractor. It is crowding a good many houses into a short space of time but all things are possible for Vinita. Many of them are to be of brick, (business and dwelling) among the latter being that of Mr. Swain, on the south park, east side. The contract for this structure was let last week to W. H. Tarrant; it is to be two stories, contain six rooms, each sixteen feet square, and be plentifully supplied with porches. J. D. Blosser is going to build on his lot beside the academy. An addition is to be put to the house occupied by Jimmy White. Dr. Foreman is going to rebuild his old house. A. A. Kaffey is building a house for the accommodation of Mr. Tarrant. Mr. Swain is having a house fixed up, and Harry Kelley is having one built in the country. The boom has surely set in.

JOHN ANDERSON, a one-legged man who has lived in this town for several years, was arrested a few days ago and taken to Fort Smith charged with selling whisky. The old man was plain in dress and manner, and there until signed before J. E. Parker. As no case was made against him he was turned loose, and without money to get home on. It seems that he attempted to beat his way back on a freight train and got as far as Wagner where he was killed in attempting to climb into a car. The body was brought to Vinita by express Monday night and interred in the cemetery north of town Tuesday morning.

THIS WEEK Mr. M. A. E. Patton, of the Natural Gas and Mining Co. of Coffeyville, will pay Vinita a visit to negotiate with the people of the town relative to sinking a shaft for oil or water. There is scarcely a doubt but what the city could well afford to drill a well a thousand feet or more, as an experiment. The time is now here when the water question is a serious one and the supply will have to be increased. Mr. Patton is the gentleman who drilled the Claremore wells, and is secretary of the Coffeyville company.

THE LADIES' MISSIONARY Society of the Presbyterian church are arranging to give a unique entertainment Monday evening at the new Gray and Halsell brick on Wilson street. It will be a birthday celebration in honor of everyone who receives an invitation. Choice refreshments will be served, and the program will embrace music and recitations. Judge Mack Landrum and others have consented to take parts in the program, and it will certainly be an enjoyable occasion.

A SCORE OF GUESTS assembled, on invitation, at the home of Mr. and Mrs. S. J. Burns last Thursday night to celebrate the seventeenth birthday of the lady's father, Mr. I. B. Hitchcock. An interesting feature of the evening, especially to the younger guests, was the reminiscences of Mr. Hitchcock and also of Judge Scrapper. An elaborate repast was spread at the restaurant.

Notice. A card to the Public:—You have all, no doubt, noticed the way in which the local photographer of Vinita has advertised the Aristo Photo Co. and the Aristo paper. For that reason it becomes necessary for us (in order to show the public that we are not imposing on them) to state the real merits of the Aristo paper. At the World's Fair the Aristo paper captured the only award on photographic printing—two papers. At the Photographer's Association of America, convention held July, 1893, the Aristo paper captured eleven out of fifteen prizes, the old Albumen paper (used but very little now) captured the other four. The relative paper used by our brother photographer received no award whatever. If the public doubts our statements please call on Aristo Photo Co. and we will be pleased to show any one simple proofs. Why our worthy opponent has taken the pains to so thoroughly advertise as we shall not try to explain. The public can draw their own conclusions. However, we shall be in Vinita at least thirty days longer, and will be pleased to have you call on us and examine our work. We shall show proofs and positively guarantee satisfaction to all our customers. Cabinet size photos only \$2.00 per dozen. Our work recommends us. Aristo Photo Co. Located in the tent opposite Western Hotel.

Bucklen's Arnica Salve. A Card. I have for some years conducted a satisfactory business in the Raymond block, and for whatever of success has been achieved wish to thank the public. This week I have moved to my new brick building on Wilson street, and shall hope to see all my old customers. Shall be better than ever prepared to serve them, as additional room will enable me to increase my stock. Groceries, provisions, dry goods and boots I can and will sell at prices which cannot be discounted—meet all competition and make prices as low as anybody. J. S. GRAY.

Free Pills. 4 Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's new life pills. A sample will convince you of their merits. These pills are easy in action and are particularly effective in the cure of constipation and sick headache. For malaria and liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to stomach and bowels greatly invigorate the system. Regular size 25 cents per box. Sold by A. W. Foreman.

You need not send to St. Louis and Kansas City for your fancy groceries as you have formerly done. J. A. Chandler & Co. carry as fine line as can be found in any city. J. A. Chandler & Co. buy for cash and sell on the same terms, consequently no bad debts to be paid by those that pay. Call and see them; they will save your money.

French peas, French beans, mushrooms, French cherries, German preserves, Bavaria jams, olives, lobsters, shrimps, soups; in fact everything kept in a first-class store can be found at J. A. Chandler & Co.'s.

I represent the German American, Phoenix of Brooklyn, London and Lancashire, Liverpool and London and Globe and Hartford; you can't find a better line of fire insurance companies in the world. Jas. T. Ratcliff.

David Hill, L. B. Bell, L. W. Buffington, J. S. Thompson and a gentleman from Missouri will begin the publication of a newspaper in this city in a few days. Their material has arrived and been placed in the Hill building.

The blue bird is hailed as a harbinger of spring. It is also a reminder that a blood-purifier is needed to prepare the system for the debilitating weather to come. Listen and you will hear the birds singing: "Take Ayer's Sarsaparilla in March, April and May."

In justice to W. L. Trotter and family it is fair to state that Henry Trotter was not involved in the shooting of Bill Wright in the affray at the saloon a week ago last Saturday night. Henry arrived at home about the time the shots were fired as is well known by several members of his family.

Removal. Everything in leather for sale at cost at Lee Barrett's leather house.

Photographic Swindle. How smooth it is worked by traveling photographers. Such photographers make a few photographs free of prominent people and show them to the public as their customers, offer their photos very cheap and have the people pay for them, or half at time they order. When they have caught a nice string of suckers they skip for another field. This game has been played here a number of times and we think the public well to it. J. M. B. Fowler.

The Vinita Meat & Grocery Co. buy their goods in car lots—hand car—consequently they have nothing but fresh stock on hand all the time, and you will not be obliged to carry away shelf worn goods.

The Vinita Meat & Grocery Co. are doing a great business, but they have never yet had a day when they didn't point their finger in failing to make deliveries—due time. Call and see them; they are certainly doing the business.

Henry Workman and T. W. Banks are building a delivery wagon for "Gus Nichols."

Jao C. Gray moved into his new brick store building on Wilson street this week.

In these days of telephone, telegraph, electricity and steam, people cannot afford to wait days or even hours for relief. This is our reason for offering you One Minute Cough cure. Neither days, nor hours, nor even minutes elapse before relief is afforded. P. Shanahan.

Dr. Horton executes all kinds of dental work with neatness and dispatch; office in Raymond building, over Gray's store. Don't neglect that cough; it leads to consumption. One minute Cough cure possesses a double virtue. It cures and cures quickly. P. Shanahan.

It will cure rheumatism, neuralgia, cuts, sprains, bruises, wounds, cold sores, burns, scalds, sore throat, sore chest and all inflammation, after all others have failed. It will cure hard, wire cuts, and heal all wounds where brand has set in. It is equally efficient for animals. Try it and you will not be without it. Price 50 cents. Sold by P. Shanahan.
